1. Purpose

The purpose of this SOP is to establish a structured process for handling customer complaints at Aegis Bank.

This SOP ensures:

- Fast complaint resolution.
- Customer satisfaction.
- Regulatory compliance.
- Transparent communication.
- Continuous service improvement.

---

2. Scope

This SOP applies to:

- Customer support representatives.
- Branch employees.
- Digital banking teams.
- Compliance teams.
- Complaint management officers.

It covers complaints related to:

- Banking services.
- Accounts.
- Transactions.
- Cards.
- Digital platforms.
- Customer experience.

---

3. Complaint Management Principles

Aegis Bank follows these principles:

Customer First Approach

Every complaint must be handled professionally and respectfully.

Transparency

Customers must receive clear information about their complaint status.

Timely Resolution

Complaints must be resolved within defined service timelines.

Fair Investigation

All complaints must be reviewed objectively.

Continuous Improvement

Complaint data is used to improve banking services.

---

4. Complaint Categories

Complaints are categorized as:

Account Related

Examples:

- Account opening issues.
- Account access problems.
- Account information errors.

Transaction Related

Examples:

- Failed payments.
- Incorrect transactions.
- Delayed transfers.

Card Related

Examples:

- Card payment failures.
- Lost card requests.

- Unauthorized card usage.

Digital Banking

Examples:

- Mobile application issues.
- Login problems.
- Online banking errors.

Service Quality

Examples:

- Staff behavior.
- Response delays.
- Communication issues.

---

5. Complaint Submission Channels

Customers can submit complaints through:

- Branch offices.
- Customer support center.
- Online banking portal.
- Mobile application.
- Official email channels.

---

6. Complaint Registration Process

Every complaint must be registered.

Process:

Customer Complaint

↓

Complaint Registration

↓

Unique Complaint ID Generated

↓

Category Assignment

↓

Investigation Started

Required information:

- Customer identification.
- Complaint details.
- Date and time.
- Supporting documents.
- Preferred communication method.

---

7. Complaint Investigation Procedure

Support teams investigate complaints using:

1. Review customer information.
2. Analyze transaction records.
3. Check system logs.
4. Consult relevant departments.
5. Identify root cause.

Investigation must be:

- Accurate.
- Confidential.
- Documented.

---

8. Resolution Process

After investigation:

Issue Identified

↓

Solution Prepared

↓

Customer Notification

↓

Resolution Confirmation

↓

Case Closure

Resolution examples:

- Transaction correction.
- Account assistance.
- Technical support.
- Policy explanation.

---

9. Escalation Procedure

Complaints are escalated based on:

- Severity.
- Customer impact.
- Regulatory importance.

Escalation Levels

Level	Responsible Team
Level 1	Customer Support Agent
Level 2	Support Supervisor
Level 3	Department Manager
Level 4	Executive Management

---

10. Customer Communication Standards

Employees must:

- Communicate professionally.
- Provide accurate information.
- Avoid unnecessary delays.
- Maintain confidentiality.

Employees must not:

- Make false promises.
- Share confidential information.
- Ignore customer complaints.

---

11. Complaint Tracking & Reporting

Aegis Bank maintains complaint records.

Tracked information:

- Complaint category.
- Resolution time.
- Responsible department.
- Customer feedback.
- Root cause.

Reports are used for:

- Service improvement.
- Risk identification.
- Management review.

---

12. AI-Assisted Complaint Management

Aegis Bank uses AI to support complaint handling.

Aegis AI OS can assist with:

- Complaint classification.
- Policy retrieval.
- Response suggestions.
- Trend analysis.

AI Workflow:

---

13. Quality Assurance

Complaint handling quality is monitored through:

- Resolution time.
- Customer satisfaction score.
- Accuracy of responses.
- Escalation rate.

Regular reviews ensure:

- Better service quality.
- Policy compliance.
- Customer trust.

---

14. Practical Examples

Example 1 — Failed Transaction

Customer:

"My payment was deducted but receiver did not receive money."

Process:

1. Complaint registered.
2. Transaction checked.
3. Payment status verified.
4. Resolution provided.

Example 2 — Unauthorized Card Transaction

Customer:

"I don't recognize this card payment."

Process:

1. Identity verified.
2. Transaction investigated.
3. Security team involved.
4. Customer updated.

Example 3 — Mobile Banking Issue

Customer:

"I cannot log into my account."

Process:

1. Verify customer identity.
2. Check system status.
3. Provide assistance.

---

15. Frequently Asked Questions (FAQs)

Q1. Why does Aegis Bank maintain complaint procedures?

To provide consistent and fair customer service.

Q2. Are all complaints tracked?

Yes. Every complaint receives a unique tracking ID.

Q3. Can AI resolve complaints automatically?

No. AI assists employees, while final decisions remain human-controlled.

Q4. How are urgent complaints handled?

Critical complaints are escalated immediately.

Q5. How does AI improve customer support?

AI helps employees quickly find policies and suggest accurate responses.
